Date: Wednesday, May 21, 2025 10:20:29 AM

Good morning ladies,

We wish to defer the second reading of your SLUP application to the June 9th meeting of the City Council, so that we have more time to address the issues discussed at the first reading to the City Council on April 14th. We are making progress, but still need a little more time to work through getting resolution to those outstanding items.

Please advise.
