RE: Memo for the Contract C2024-004-PO25-1045 – Award of ITB 2025-004 Road and Curb Drainage Repairs

Contract/Document Number: C2024-004-PO25-1045

Issue/Topic:

The Department of Public Works has identified 3 locations in which the curb and asphalt has settled to the point in which stormwater is held for prolonged period of times. Since these locations are all within residential neighborhoods or low volume commercial areas, they become a hazard for mosquitoes in the summer months, and ice puddles in the winter. Additionally, the standing water deteriorates the asphalt and curb sub-base.

To resolve these, the City proposes raising the curb line and installing pavement to spill water into the nearest storm drain inlet.

Recommendation:

City Staff recommends approval of this contract to be awarded to Georga Paving, LLC.

Financial Impact:

Contract Amount:	\$66,832.95
10% Contingency:	\$ 6,683.00
Total PO:	\$73,515.95
